

# One shot disinfectant fogging aerosol

A perfect solution where an area of up to 75m<sup>3</sup> needs to be sanitised quickly.

A safe combination of anti-fungal additives and bactericides which have been combined in a small, one shot aerosol. Pleasantly perfumed and proven to kill the moulds and bacteria which typically breed in air conditioning systems causing unpleasant odours.

bsafe™ is a family of products developed to keep you safe. We are a Yorkshire based family business with over 40 years of experience in the environmental sector and bsafe™ complements our safety range of products. Our customers remain our number one priority and by purchasing a bsafe™ product you will be protected.

## INGREDIENTS:

97% Ethanol,  
didecylmethylammonium  
chloride, antioxidants

Independently tested to BS  
EN1276, 1650 and 14476  
standards

### Features

- Kills 99.9% bacteria and enveloped viruses
- Covers 75 cubic meters
- Purifies air-conditioning systems
- Use in vehicles and rooms
- One shot push and go aerosol
- Fast acting, works within 15 minutes

### Benefits

Perfect to use in vehicles, rooms and enclosed spaces where bacteria harbour ensuring that you can bsafe.

Easy to use aerosol that is button activated which locks into place and covers 75cubic meters when released.

Great to use in vehicles such as taxis, hire cars and buses to ensure that bacteria is killed and the area is safe.

Leaves surfaces with an anti-bacterial coating after application and the area will have a clean and fresh fragrance after treatment

Within 15 minutes- surfaces will have an anti-bacterial layer and the air would have been sanitised

Stops mildew and damp odours in caravans, boats and holiday cottages during the closed season.

### Areas of use

- Businesses - Office spaces, factories
- Sports facilities - Gyms, Sports Centres, Dance Studios
- Hotels, Restaurants, Cafes, Pubs, Bars
- Retail Stores
