Benefits

Kills 99.9% of germs and enveloped viruses

A fast-drying alcohol-free foaming sanitiser that leaves your hands feeling refreshed and naturally moisturised without any stickiness or residue and any need for water.

The product is free from the harsh synthetic chemicals and made from pure natural ingredients that deeply nourish your skin. It is suitable for sensitive skin and leaves your skin germ free with a silky-smooth feeling due to the Aloe vera content.

The natural ingredients are gentle enough for children's sensitive skin making it an ideal choice for the home and schools.

Contains quaternary ammonium compounds which are well known to be very effective against enveloped viruses.

Ingredients:

Aqua, Cocamine oxide, Cocamide DEA, Glycerin, Didecyldimonium chloride, Benzalkonium Chloride, PPG 2 Methyl Ether, Diazolidinyl Urea, Methyl Paraben, Propyl Paraben, Propylene Glycol, Aloe Barbadensis, Parfum.

Complies with EN1276
